

All my love

Text/Musik: Bodo Schaffrath

All my love is all I care , all my love is all I share:
cause all my love is dripping down on you.
All my love, all my love.

All your love is all you care, all your love is all you share:
cause all your love is dripping down on me.
All your love, all your love.

All my love is all I care, all my love is all you share:
and all your love is dripping down on me.
All my love, all your love.
